## OFFICERS OF THE C. I. A. A. FROM ITS ORGANIZATION IN 1912 TO 1953

### Presidents

1912-1915 ERNEST MARSHALL  
 1916-1917 CHARLES R. FRASER  
 1918 E. P. DAVIS  
 1919 M. P. ROBINSON  
 1920-1924 W. A. ROGERS  
 1925 W. G. ALEXANDER  
 1929-1930 J. W. BARCO  
 1931 E. P. DAVIS  
 1932 J. T. TAYLOR  
 1933-1936 FRANK COLEMAN  
 1937-1938 CHARLES H. WILLIAMS  
 1939-1941 H. C. PERRIN  
 1942 CLARENCE W. DAVIS  
 1943-1945 GEORGE G. SINGLETON  
 1946-1948 JOHN H. BURR  
 1949-1952 PAUL J. MOORE  
 1953 THOMAS H. HENDERSON

### Vice-Presidents

1912-1915 *First:* CHARLES R. FRASER  
*Second:* ALLEN WASHINGTON  
*Third:* J. W. BARCO  
 1916-1919 *First:* ALLEN WASHINGTON  
*Second:* J. W. BARCO  
*Third:* GEORGE JOHNSON  
 1924 *First:* W. G. ALEXANDER  
*Second:* J. W. BARCO  
*Third:* J. O. PLUMMER  
 1925 *First:* E. P. HURT  
*Second:* THOMAS M. CROWDER  
*Third:* J. W. BARCO  
 1926-1927 *First:* E. P. HURT  
*Second:* J. W. BARCO  
*Third:* L. P. BYARM  
 1928 *First:* J. W. BARCO  
*Second:* THOMAS M. CROWDER  
*Third:* J. A. GRIMES  
 1929 *First:* THOMAS M. CROWDER  
*Second:* J. T. TAYLOR  
*Third:* J. A. GRIMES  
 1930 *First:* J. A. GRIMES  
*Second:* THOMAS M. CROWDER  
*Third:* E. P. DAVIS

1931 *First:* H. F. GRIM  
*Second:* J. T. TAYLOR  
*Third:* GEORGE C. GRANT

### Northern District

1932 F. T. JAMISON  
 1933-1935 EDWARD N. WILSON  
 1936-1941 H. F. GRIM  
 1942-1944 THEODORE MAHAFFEY  
 1945-1946 JOHN H. BURR  
 1946-1948 CHARLES RUTHERFORD  
 1948-1951 E. W. BROWNE  
 1952 MANUEL RIVERO

### Central District

1932 CHARLES H. WILLIAMS  
 1933 W. A. ROGERS  
 1934-1936 ARTHUR P. DAVIS  
 1937-1938 GEORGE G. SINGLETON  
 1939-1940 W. M. WHITEHEAD  
 1941 JAMES A. MOORE  
 1942-1947 J. WILLIAM DREW  
 1948-1952 J. A. MOORE  
 1953 L. D. SMITH

### Southern District

1932 N. C. WEBSTER  
 1933 T. E. MCKINNEY  
 1934-1935 WILLIAM E. GRIFFIN  
 1936 NORMAL C. COSBY  
 1937 N. C. WEBSTER  
 1938 JAMES T. TAYLOR  
 1939-1941 ARTHUR P. CHIPPEY  
 1942-1945 N. C. WEBSTER  
 1946-1947 T. W. MCKINNEY  
 1948-1949 A. I. TERRELL  
 1949-1952 J. B. MCLENDON  
 1953 J. E. LYTLE

### Secretary-Treasurers

1912-1915 GEORGE JOHNSON  
 1916-1917 CHARLES H. WILLIAMS  
 1918-1919 WALTER R. BROWN  
 1920-1931 CHARLES H. WILLIAMS  
 1932-1946 J. L. WHITEHEAD  
 1947 GEORGE G. SINGLETON

### Assistant Secretary-Treasurers

1912-1915 CHARLES H. WILLIAMS  
 1916-1917 \*E. P. DAVIS  
 1918-1919 CHARLES R. FRASER  
 1920-1923 GEORGE JOHNSON  
 1924-1931 J. L. WHITEHEAD  
 1932 GEORGE C. GRANT  
 1933-1936 N. C. WEBSTER  
 1937 WENDELL C. MORGAN  
 1938-1941 N. C. WEBSTER

1942-1945 EDWARD N. WILSON

# Proceedings of the Thirty-Eighth Annual Meeting of The Central Intercollegiate Athletic Association

CARVER HALL, WASHINGTON, D. C., DECEMBER 8 - 10, 1950

Condensed by T. H. E. Jones, Assistant Secretary-Treasurer

The Thirty-Eighth Annual Meeting of the Central Intercollegiate Athletic Association was opened at 10:15 a. m. in Carver Hall, 2nd and Elm Street, N. W., Washington, D. C., with Mr. Paul J. Moore, President, presiding and invocation by Dean H. Arnold Taylor, St. Paul's Polytechnic Institute, Lawrenceville, Virginia. The minutes of the 37th Annual Meeting were read and approved with two corrections made. Mr. Clarence Davis was appointed Parliamentarian for this CIAA annual meeting. Mr. Moore presented Mr. J. L. Whitehead, Honorary President. Following the presentation came the president's address. (See President's Address). At the end of the address the reports of the Vice-Presidents were made. Vice-Presidents reporting: Northern District, Mr. E. W. Browne; Southern District, Dr. W. H. Robinson. The reports were accepted with thanks and referred to the Committee on Recommendations for consideration of the recommendations made therein.

The report of the Secretary-Treasurer was made by Mr. Singleton. The report was referred to the Committee on Auditing for auditing. (See Report). Mr. C. H. Williams, Hampton Institute, made the report on Titles of the CIAA. The report was accepted and was amended to read: Central Intercollegiate Athletic Association. Mr. H. C. Perrin of Shaw University made the report of the Eligibility Committee. The report was adopted with a substitute motion made by Mr. S. B. Taylor that the report be adopted by sections and seconded by Mr. Perrin. (See Report of Eligibility Committee).

## Friday Afternoon Session

The afternoon session opened at 3:00 p. m. with President Moore presiding.

The report of the Basketball Tournament Committee was given by Mr. Hill (See Report). The report was adopted. The report of the National Classic Committee was given by Mr. Williams. (See National Classic Report). The report was adopted.

Dr. J. A. Moore, Vice-President of the Central District made his report. (See Central District Report). It was accepted.

The Executive Council made its report of the proceedings of the meeting held the night before. The report was given by Mr. T. H. E. Jones. It was adopted.

The report of the Commissioner of Football Official was given by Mr.

Washington. (See Report). The report was adopted. Mr. Lytle made the report for the Baseball Committee. It was accepted with the explanation of the exception of the Dickinson System regarding baseball. (See Report).

The Judiciary Committee report was given by Mr. H. A. Taylor. The report was adopted.

## Friday Evening Session

The meeting opened at 8:15 p. m. with President Moore presiding. The report of the Membership Standards Committee was given by Mr. McLendon. The report was accepted.

The report of CIAA Compiler of Athletic Records was given by Mr. McLendon. The report was accepted.

The Swimming Committee Report was given by T. H. E. Jones. The report was accepted.

The report of the Boxing and Wrestling Committee was given by Mr. K. E. Brown. The report was accepted.

The report of the Track Committee was given by Mr. L. Walker. The report was adopted.

The report of the Special Committee on Eligibility was given by Mr. Perrin. The report was adopted. After much discussion concerning athletes or persons "eligible to play" in the various sports. The motion was lost. Ten votes against and four votes for.

The President's Address was referred to the Recommendations Committee.

## Saturday Morning Session

The Saturday morning session was opened at 10:15 a. m. by President Paul J. Moore. The report of the Affiliated Boards of Officials was made by Mr. Armstrong. It was adopted with the recommendations going to the proper committees.

Mr. Hurt gave the report of the Committee Soccer. The report was adopted.

Mr. Singleton raised the question concerning the Track Committee's report two years ago which was adopted and provided for a cross-country meet to be sponsored by the CIAA and to be held in Washington, D. C., the Saturday following Thanksgiving each year. Mr. T. F. Johnson recommended that a committee on public relations be set up to do a little work in this area in addition, perhaps, to what the Secretary-Treasurer does and what the member institutions do. President

Moore said with reference to Mr. Johnson's comment on Public relations: "I don't know what the recommendations Committee has but I certainly think there is a lot to be done in that area, and maybe at a later time, after we have had all the recommendations in, it will be possible to introduce this question again."

The report of the Tennis Committee was given by Mr. Jackson. The report was adopted.

The question arose "Can transfer students participate in the school's junior varsity or Squad B program without danger of their eligibility being challenged?" President Moore stated that if its intercollegiate it has to go by our constitution. If it is not intercollegiate I see no jurisdiction of this body." There was much discussion concerning eligibility of transfer students. It was finally moved by Mr. Hurt "that in case we are just discussing, concerning eligibility of transfer students on junior varsity and intramural teams, participation in that class, these men be allowed to participate without endangering their eligibility with CIAA" and seconded by Mr. Fraser. The motion was carried.

After much discussion about the cost and distribution of the Bulletin, the meeting recessed for 20 minutes.

The report of the Committee on Certification of Officials was given by Mr. Hall. It was moved by Mr. Perrin and seconded by Mr. H. A. Taylor that the report be adopted with a substitute motion. The motion was carried. It was ruled by the chair that the Assistant Commission of Football Officials be handled the same way as the Commissioner of Football officials. The motion was carried.

Mr. Jefferson moved that the office of Assistant Commissioner be elected by the body. It was seconded by Mr. Bell. The motion was not carried. The conference recessed to reconvene at 2:30 p. m.

## Saturday Afternoon Session

The last session of the Thirty-Eighth Annual Meeting of the CIAA was called to order by President Moore at 2:45 p. m. The report of the Audit and Budget Committee was given by Mr. McGhee. The report was adopted.

It was moved by Mr. Jefferson that the office of Assistant Commissioner be elected by this body, and seconded by Mr. Bell.

Championships for 1950 were award-

ed by President Moore. Baseball, A. and T. College; Boxing, Howard; Football, A. and T. College; Swimming, Howard; Tennis, Moran; Track, Morgan; Wrestling, Howard. It was moved by Mr. Davis, that the Association transmit to Mr. Hill a vote of commendation for his years of service as chairman of the Basketball Committee. and that this commendation should go both to him and to this committee. It was seconded by Mr. Singleton.

The report of the Recommendations Committee was given by Mr. Lytle. Before the report was given it was suggested by Mr. Hurt that Mr. Armstrong or any other assistant commissioner could not be eligible to officiate in that particular sport, moved by Mr. Perrin, seconded by Mr. Fraser. The motion was carried. Mr. Lytle continued the report of the Recommendations Committee. It was moved by Mr. Lytle and seconded for adoption by Mr. Davis. Mr. Perrin made a substitute motion, that this report be adopted ad seriatim.

Mr. Williams presented Mr. Burke who made the presentation of CIAA National Classic Trophy to the two institutions that tied for it—Morgan College and West Virginia State College.

It was moved by Mr. Davis and seconded by Mr. Blount that an editor of the Bulletin be appointed or elected whenever the body may wish, and this editor select an editorial board, and that his responsibility be, in association with the Secretary-Treasurer, to edit the Bulletin so that it may be published by the Secretary-Treasurer. The motion was carried.

Mr. Moore moved that we adopt the recommendation that we either schedule games one every three years, or dispense with the Dickinson Rating System. The motion was seconded. After much debate the motion was lost.

It was moved by Mr. Bell that each CIAA team play every other CIAA team in Football within a six-year period, that is, 1957, or that then, if not so, we will go to the percentage system. The motion was seconded. After much discussion the motion was lost.

The report of the Nomination Committee was given by Mr. Terrell (he was asked by Mr. Hucles to report for him). The report was received and the following officers elected: President, Mr. Paul J. Moore; Vice President, Northern District, Manuel Rivero; Vice President, Central District, Dr. J. A. Moore; Vice President, Southern

District, Mr. J. B. McLendon; Secretary-Treasurer, G. G. Singleton; assistant-Secretary-Treasurer, T. H. E. Jones; Chairman of Eligibility Committee, Dr. W. H. Robinson, Dr. Thomas Fraser, Morgan; Mr. L. D. Smith, Union.

The Committee on the Basketball Tournament: Mr. T. L. Hill, Morgan, Chairman; Mr. John H. Burr, Howard; Mr. Harry R. Jackson, Hampton; Mr. J. B. McLendon, North Carolina; and, ex officio, the Secretary-Treasurer and the President.

The National Classic Committee: Mr. C. H. Williams, Hampton, Chairman; Mr. John H. Burr, Howard; Mr. C. R. Rutherford, West Virginia; Mr. T. L. Hill, Morgan; and Dr. James A. Moore, Virginia State; ex officio, the Secretary-Treasurer and the President.

The Judiciary Committee: Dean H. A. Taylor, St. Paul's, Chairman; Mr. G. H. Mitchell, St. Augustine's; Mr. C. R. Rutherford, West Virginia; Mr. J. L. Lockett, Virginia State; Mr. L. D. Smith, Union.

Mr. Verdell moved and Mr. Bell seconded that the meeting adjourn. The meeting adjourned at 6:45 p. m.

## President's Address to the Thirty-Eighth Annual Meeting of the Central Intercollegiate Athletic Association

PAUL J. MOORE

Gentlemen: It is really a great feeling and an honor to be the President of this organization. However, that feeling wanes somewhat at a time such as this—the time to deliver an address.

It seems useless, but I shall again remind you that I do not hold a doctor's degree of any kind. In general it matters little, but it is rather embarrassing when being presented or introduced to a group. So please, no more D. Paul J. Moore.

The past year has been a memorable one in many ways, which attest to the long-range program and foresightedness of sound previous administration. There is still much work to be done and there are many improvements to be made. There are important matters that need our immediate attention and will test our vulnerability at this meeting. These matters must be given careful consideration so that they will stand. Let it not be said again that we passed legislation which was promptly ignored. Such was the case last year. When we find conditions have changed and it is beneficial to alter regulations, let us move through the proper channels so there

will be no doubt in the minds of representatives and member colleges as to intent, integrity, and stability of our Association. The action taken last year jeopardizes cooperation and harmony among member institutions. It encourages the idea that each individual and each separate institution must look strictly to its own welfare and it is up to the other fellow to look after his. We can not hope for full cooperation in a divided house.

A number of articles have appeared in the columns of weekly newspapers that should require our attention as to how they got there and why. The statement made by Coach Jess Neely of Rice Institute when rumors of strained relationship between Rice Institute and L. S. U. appeared in newspapers is quite apropos to our situation. He said that any difference between Rice and L. S. U. would not be settled in the newspapers. He further said, "Our relationships with L. S. U. have been pleasant and if we have any trouble, then we'll settle them among ourselves." That, gentlemen, is where our controversies belong—among ourselves. The proper place to settle dif-

ferences between educational institutions, institutional representatives, officials, or any individuals dealing with any phase of the program of this organization, is in private conferences. If that is not successful, then the matter should be brought to this body and definitely not to the newspapers. Of course, the newspapers will print your story and then will print it in newspaper style—the style to sell newspapers. That is newspaper business. Some of the publicity given the CIAA by the press certainly is not to our best interests. We need, then, to seek a better understanding, coordination, and cooperation with our newspapers and newspaper reporters.

We should consider carefully the policies and regulations of the NCAA. How far can we afford to go along with NCAA? Does the NCAA recognize our problems and are they sympathetic toward them? Are we in a position to abide wholeheartedly with their rules and regulations? I call your attention to the fact that we are not being given any too much consideration with respect to the Dallas meeting. Let me set the picture: Letters were written by a member of the Mid-Western Athletic Association and members of the CIAA to officials of the NCAA and the American Football Coaches' Association regarding accommodations for Negroes at the Dallas meeting. We were told that Negroes can not be housed in hotels where

other delegates will be housed, and that dining room facilities in the same locations will not be available to them. It was also stated that it is impossible to alter for the site of the convention. One of our correspondents in a letter to me correctly summed up the situation in these words:

"1. That the President of the NCAA does not feel that the Negro delegates should be concerned about discrimination and indignities which will prevail in Dallas.

"2. That the NCAA Council similarly has approved these conditions and made no effort to rectify them."

Gentlemen, we can not let the matter drop here. The next move is up to us.

Another question closely connected with the NCAA is the Freshman Rule. Are we ready for a Freshman Rule? Personally I think so. It seems to me that we are in as good a position as the Ohio Conference which is composed of 21 colleges and universities. Among these colleges are Ashland, Baldwin-Wallace, Bowling Green, Capital, and Case and Kenyon. The student bodies of schools in this conference range from Toledo with 4,300 to Findley with 407, while in the CIAA our student bodies range from Howard with 6,187 to Delaware with 286. The Ohio Conference average per school is 1,637, whereas the average in the CIAA is 1,304. These figures were taken from the 1948 Fifth Edition of American Colleges and Universities by the American Council on Education. It may readily be pointed out that some of our problems are different from theirs, but it is doubtful that it could be proven that there is any great variance in position. A Freshman Rule will be beneficial to the student. It will allow him to become orientated and adjusted to college life. The transition from secondary schools to institutions of higher learning is a big step in spite of all the efforts and methods of integration. Furthermore, it gives greater opportunity, broadens, enriches, and encourages more young men to enter into and participate in intercollegiate athletics. This, I believe, is one of the goals of our program.

We might also check our own constitutional regulations and rules as to

meaning, intent, and enforcement. A study here will bring out some rather interesting questions. Consider some of our By-Laws: Article VI, Section 2 states in general that the regulations of the Association concerning athletic games and meets shall be the same as those principles of amateur sports adopted by the NCAA, etc. Article VI, Section 3 (a) states that it shall be regarded as the duty of the Association teams to play each other at least every three years. To what extent are we even trying to carry out this duty? Article VII, Section 2 (n) states that teams of member schools shall play only school teams which belong to some conference with regulations equivalent to or approved by this association. What about the teams we play that bring high school athletes to their campus for team tryouts? It seems to me that there is a whole lot of shadow-boxing going on.

It is with reluctance that the subject of officials and officiating has to be raised here. Since officiating is such a vital part of our program and since there has been a loud cry all over the nation, and too many times in our own Association, it is necessary that we consider the problem and take steps to harmonize and bring about better relationships and understandings which will benefit all parties engaged in the management of our intercollegiate athletic contests. We should tackle this problem with unbiased minds and in a straight-forward manner so that in the end we will know that the actions taken will be a credit to our association.

Mention was made earlier that this has been a memorable year. Our first National Classic was a grand success. The Committee did an excellent job. These men were confronted with many stumbling blocks, unfavorable criticism, and many intricate and puzzling problems. All were met in masterful style. The members of this Committee so believed in their organization and their own ability to put the project, over that they affixed their signatures for bank sums amounting to \$5,000 to get a working fund to start the promotion. Too much credit can not be given to the Committee.

What has been said of the National Classic Committee can also be said of the Basketball Tournament Committee.

They gave an excellent performance. When you consider that the members of the National Classic Committee and the Basketball Tournament Committee had to provide their own financial backing, you can not but realize that these men are devoted to their organization. They have certainly enriched the CIAA program.

We are now in a position to construct our budget so that it will never again be necessary for individual members to become personally liable for any program of this Association, meaning that sufficient funds be set aside to carry on our promotional activities.

It might be well to consider a Promotion Committee. This committee could tie in all promotional activities, thereby saving time and money as well as reducing overlapping and eliminating duplication of operations.

We have been fortunate also in that our other programs have been successful. While the monetary outlays were not so great, the activities are necessary and are an integral and vital part of our program. Reference here is made to the Aquatic Championships, Boxing and Wrestling Tournament, and Track and Field Championships. The members of these committees and host institutions rendered the CIAA invaluable service.

A tribute to the Morgan State College is in order. Morgan led the CIAA last year in intercollegiate athletics by winning the football, tennis, and track and field championships. Morgan's world-beating thin-clads brought much fame, happiness, and satisfaction to this Association. Our hope is that some of our other institutions will come up with exceptional athletic attractions. Other highlights of the year were the winning of the 1950 CIAA Basketball Tournament by the North Carolina College Eagles and the excellent showing of the West Virginia State College Yellow Jackets against top-notch basketball teams in the west.

In closing: It is my hope that when we leave this meeting we will have made progress, our ties will be more securely held, and that we will have a better understanding, a sympathetic attitude, towards the problems we face collectively and individually, and that we will know and feel that we are our brother's keeper.

## Reports of Vice-Presidents

### NORTHERN DISTRICT

#### Manuel Rivero

Mr. President, members of the Thirty-Eighth Annual meeting of our beloved Association: I am fully cognizant of the length of our program and the many things to be done in these two days; moreover, I am doubly cognizant to the role of a good vice-president, chief of which is not to burden his hearers with an array of data of the member schools of his district. The objective which denotes his title and status would seem to indicate that any information or report which could not be given in more than five minutes in the light of all that is before us would be a vice.

Much of what the vice-presidents have done and said in the past appears finally in our bulletin under the caption of a summary of the season's record of the member teams of the association, and thus that phase of our report may be dispensed with. The record of the Northern District, comprising the following colleges, Bluefield State, Bluefield, West Virginia; Dover State, Dover, Delaware; Howard University, Washington, D. C.; Lincoln University, Chester County, Pennsylvania; Morgan State, Baltimore, Maryland; West Virginia State College, Institute, West Virginia; speaks for itself.

There are problems, to be sure, but with the growth and expansion of many of our colleges these problems will be reduced to a minimum. College administrators are doing all possible to meet CIAA standards in all areas. Our standards have helped colleges and may we work harder to maintain those standards. Much that is good in reports and on paper is worth little except that it is lifted from the paper and put into action.

Complaints from the Northern District to the Vice-President have been almost nil. It is gratifying to note that our public relations are improving, if one is any judge of what appears in the columns of our newspaper both locally and nationally. In the language of the late Will Rogers, All we know is what we read in the newspapers. I was delighted when Dr. Anderson of Ohio State University visited Bluefield State College and called for and read our constitution and indicated that we had a good association and a good bulletin. Honor to the founders and our editorial board.

Football continues to be our major sport and we note with pride that in the final CIAA standings the Northern District has three teams in the upper division; the Southern District, four;

the Central District, one. It is good, perhaps, that nothing is constant. In our successes and reverses it is well also to remember the African proverb. "If fortune today is on my side it may be on your side tomorrow, and that which I may acquire today I may also lose tomorrow," the coach accounts for many things in the life of his school.

In the capacity of a college registrar I know something of the role of a coach and the many duties he has to perform. The day of most of our coaches is from twelve to fifteen hours and longer, and includes, for most of them, teaching duties. The results of good coaching pays dividends to the school in terms of enrollment. We need students to carry on a more varied program.

We vice-presidents must make ourselves more useful to the member schools of our districts. We must find ways and means, or devise a simplified report, to get from our member schools the data we want and need if our services are to be meaningful. One instance of stimulation on the part of vice-presidents might be that of having the vice-president who had the least teams in the upper division to banquet the other two.

Finally, I wish to express my commendation to the directors of athletics and coaches and to all those who are endeavoring to keep our competitive sports on the highest level possible so that sheer excellence of conduct and performance shall ever be the ideals of the CIAA and its member schools.

### SOUTHERN DISTRICT

#### Dr. W. H. Robinson

The Southern District of the CIAA is composed of six colleges which are located in the State of North Carolina. These schools are as follows: Agricultural and Technical College, Greensboro, North Carolina; Johnson C. Smith University, Charlotte; Winston-Salem Teachers College, Winston-Salem; Shaw University; St. Augustine's College, Raleigh; and North Carolina College in Durham.

The Southern District enjoyed one of its most successful years in the history of the CIAA. The A. and T. College in all probability will be awarded the football and the baseball championships, while North Carolina College won the CIAA basketball tournament championship. For the first time in the history of the CIAA two North Carolina teams played a football game which decided the CIAA championship.

In the absence of a personal visit

to the campus of each college in this district, a questionnaire was prepared and mailed to the directors of athletics. This questionnaire dealt with the most important questions pertaining to the school's participation in sports. This served as a good substitute for a personal visit, but can not be compared with an eye-witness account of the conditions such as playing facilities and accommodations for visiting teams. I am pleased to say that all the directors cooperated and answered each question and returned the questionnaires on time. Therefore I have mimeographed a compilations sheet which you can study at some future time. I will give you a short summary of some of the most significant facts disclosed by the questionnaire.

Summary of the compilation sheet:

All the schools in this district participated in football, basketball, track, and with one exception in baseball, J. C. Smith University being the exception. Three colleges participated in tennis, while Winston-Salem Teachers College and St. Augustine's College did not have tennis teams. North Carolina and Johnson C. Smith University did not participate in boxing and no school in this district had a wrestling and swimming team. However, it is gratifying to say these questionnaires show that all the colleges in this district participated in four major sports and therefore met the CIAA standards of participation. The Standards Committee will determine if they all met the requirements based on personnel representation in each sport.

Attendance in football and basketball is on the increase in this district for all the schools. Total attendance for the season is 109,750 for football and 46,600 in basketball. A. and T. College had the largest, with North Carolina College second, Johnson C. Smith University, third, and St. Augustine's College with the smallest total attendance for the two sports. Baseball still lags far behind in attendance. A. and T. College leads, Winston-Salem second, St. Augustine's College third, and North Carolina College had the smallest baseball attendance.

Athletic plant facilities still present the major problem for all the schools, with interest, support by sport fans, and finance being high on the list as major problems in the minor sports. All the schools have new gymnasiums with swimming pools either proposed or under construction. North Carolina's new gymnasium will be without a swimming pool since they already have a pool in their old gymnasium. This new gymnasium is well under way and

if the war does not stop the construction of it, it will be ready by the fall of 1951. A. and T. College's new gymnasium will be ready by late 1951 or early 1952. This same applies to Winston-Salem Teachers College. North Carolina College's new quarter-mile cinder track and baseball field will be ready for the spring sports. St. Augustine's and Shaw University have proposed new football stadiums, while A. and T. and North Carolina College plan to light their present football fields in the near future.

Only one college played on its own baseball field while all the others played in the city baseball parks. North Carolina College and St. Augustine's College will have new baseball fields, while the other schools in this district have no future plans in this area of facilities, while on the other hand all the schools have proposed new running tracks.

The colleges in this district have well-developed intra-mural programs with a large percentage of their students participating. A check of Sheet No. 5 of the compilation report discloses that basketball, volleyball, badminton, softball, touch football, speed ball, paddle tennis, and track are listed as sports in the various intra-mural programs of the colleges.

All four colleges which participated in tennis played on clay courts and none had hard-surface courts. No provisions were made for seating spectators around the tennis courts.

Suggestions for Vice-Presidents:

In order that the Vice-Presidents of the three districts shall, according to the CIAA constitution, "... be diligent in maintaining and furthering the interest of the association in the district they represent..." I offer the following three suggestions:

1. That the Vice-President make at least one personal visit to the schools in his district for the purpose of investigation according to some standards previously set. In order that this procedure be carried out, the association should at least pay his traveling expenses to each school in his district. For economy in this matter, the association should set a standard rate of travel. In looking over the geographical location of the schools, only in two or possibly three cases would travel by Pullman be necessary.

2. That all the Vice-Presidents have a meeting and set up a standard form which they should follow so that their annual reports would carry the same items and questions. The form created by Mr. A. I. Terrell in his 1949 report and the one used by this writer could be a good starting point for a uniform questionnaire.

These two forms could easily be supplemented by suggestions from the parent body. With this being accepted, then a good comparison could easily be made of all the schools in the association. Such reports from year to year would easily disclose whether or not the schools in the association were progressing or retrogressing.

3. That the Vice-Presidents be given some sort of legislative powers or authority from the association to offer suggestions and require action from schools in their districts on improving of such conditions as accommodation of visiting teams, playing conditions, the controlling of spectators at various events, and any other conditions which he finds could be improved upon. Such action from the association would get better results than the pleading of all the directors of athletics at the schools.

I have the compilation sheet here and I will pass it out. As I mentioned, I won't read all of this to you because I know you are rather busy, but this gives an account of all the schools in the Southern District.

## CENTRAL DISTRICT

J. A. Moore

Mr. Chairman and members: This is the report of the Central District for the year 1950. Hampton, St. Paul's, Virginia State, and Union are the colleges which comprise the Central District of the CIAA.

From the point of view of participation, all of the schools reached the minimum requirements. Hampton seems to be the outstanding college in the matter of engaging in more sports. Hampton participated in seven sports during the past year, Virginia State in five; Union in four, and St. Paul's in four.

The point which this report wishes to stress, however, does not deal with participation but rather with the question of facilities and the treatment of teams which come to the various campuses as visitors for athletics contests. Some of the schools within the district extend themselves to make the sleeping and eating accommodations what they should be. There are others, however, who fail to make the most of their facilities through a lack of proper preparation.

The following observations are based upon visits to the schools and relate to conditions concerning the treatment of visiting teams. All of the conditions do not apply to the colleges of the Central District, but they are fairly typical of what to expect in some of the schools to which you might have occasion to take teams.

1. In One school there was absolutely no preparation for the visiting team. There were no provisions made for dressing or resting. You had to make your own provisions.

2. The question of taking motion pictures of the game has very often proved a bone of contention. In one instance, picture taking was prohibited even after permission was given.

3. Teams traveling long distances have often failed to make the dinner hour at the stated time. Meals have been refused if the group arrived as much as an hour late.

4. Granting of complimentary tickets is a courtesy which the host school may or may not extend. In some colleges the matter is given very little consideration.

It is interesting to note that all schools of the Central District feel that the facilities which are used for athletic contests are good or fair. It is not the problem of this report to evaluate such facilities, but it is my opinion that coaches and athletic directors should in their respective schools, insist upon having more to say concerning the construction of any athletic facilities. Coaches visiting campuses where new construction is going on should be critical, for that criticism helps a man in his own situation to gain influence.

The typical picture in most of our colleges runs something like this: All new construction and improvements are under the supervision of the superintendent of buildings and grounds. His long experience with the physical plant makes him believe that he is an authority on athletic facilities. In the end it all amounts to the coach and the director taking what is handed them, when consultation and cooperation would have produced a result far more efficient and effective.

Now, the criticisms that I have directed include Virginia State College, and I feel that some of the new construction going up where we have had a chance to say a great deal about what is going on—pretty generally your work is ignored on such things as leveling the field, grass growing, and that type of thing. Schools come and they play and say, "Oh, you have got a fine plant; you have got a fine this and the other," but I think they ought to view those things pretty critically.

As I look about the conference I know one football field that is exceptionally fine except for the fact that when you play on a cold day there, by the time you reach noon it is a beautiful day outside, but the field is muddy. We are trying to avoid that. I think coaches should criticize, "Why isn't your track wider?" Sometimes we don't have anything to do with how wide the track is, with the leveling of the

field. I am hoping that with this new construction at Virginia State College coming along, men coming in will view it and criticize it and let their criticisms be known. That helps us.

## COMMITTEE ON ELIGIBILITY

Mr. H. C. Perrin

Mr. Chairman and Members: Your committee on Eligibility reports a digest of its actions and findings since the 1949 Annual Meeting in Washington, D. C.

Our first duty was to send the following reminder on January 20, 1950: "Dear Athletic Director:

"Is your basketball roster in for 1950? Your attention is called to the CIAA Bulletin for 1948, page 22, Recommendation No. 18 of the Committee on Recommendations: That eligibility list must be post-marked or in the hands of the chairman of the Eligibility Committee at least ten days before the first Inter-Collegiate contest in any sport. Penalty: Failure to comply with this regulation results in automatic forfeiture of the contest."

By January 10, 1950 only six institutions had sent in their eligibility lists in basketball and not before January 25, 1950 were all the lists in.

The failure of the institutions to send in lists promptly continued in other sports, with one institution sending in its basketball, track, boxing, and baseball lists on October 3, 1950. Although almost all of the institutions did not send in their football lists at the required time, there is still an institution which has not sent in its football eligibility list. Thus, all of us are guilty of not supporting the regulation.

A letter was received from Mr. Daniel P. Lincoln, Registrar at West Virginia State College, asking to be cited to the regulation and contents of the same relating to the deadline for submitting a list of athletes in a competitive sport to this office. He said, "Our Professor Moore is not quite clear on this point and it is imperative that I know the exact facts relating to this important regulation." Mr. Lincoln was informed that the answer to this question is found in the 1948 CIAA Bulletin, page 20, in the second recommendation of the Eligibility Committee of which Mr. A. P. Chippey was chairman and Mr. Paul J. Moore and Dr. George Spaulding were members.

A letter was received from Mr. S. B. Taylor of Bluefield State College asking concerning a transfer student. He was informed that the last school attended by the young man at which he registered makes him a transfer student.

That is Article VII, Section (c) of the Constitution.

Permission was granted the Masons of the District of Columbia to sponsor a basketball game between Maryland State College and Delaware State College in Washington, D. C.

In reply to Mr. Hosea Williams, coach of boxing and wrestling, Delaware State College, the Committee ruled that since James Kermit Jackson has received his first collegiate degree from the college he was ineligible to participate in athletics.

Mr. William M. Bell of A. and T. College was granted permission to play an exhibition baseball game on Easter Monday with the local Greensboro semi-professional team.

In reply to Mr. Nathaniel Johnson, Athletic Director at Delaware State College to the question, "in conference games is it necessary or mandatory that certified CIAA officials be used? if so, what fees are to be paid?" the answer was, replying to your inquiry regarding baseball umpires, it is true that a resolution was passed requiring the use of umpires certified by the C. I. A. A. in conference baseball games this year. No fee was determined or even suggested for the services of these umpires. Their payment, therefore, is a matter of negotiation between the umpires and the individual institutions."

Mr. Cal Irvin, coach, Johnson C. Smith University, wrote relative to the eligibility of one Walter Johnson of Baltimore, Maryland, a lad who had played with the Richmond Giants but had not been to college. Mr. Irvin was informed that the CIAA annual session did pass a motion that any student or prospective student who played professional baseball is ineligible to participate in any sport of the CIAA institutions. As we understood the ruling it was that from the date of passage no athlete could play in the association who had played for money.

In reply to Coach Cardwell of West Virginia State College regarding the eligibility of Joe Gilliam for 1950, it was ruled that he, Joe Gilliam for 1950, was not eligible for further participation in football in the CIAA.

Coach White at Delaware State College was informed that it was their responsibility of Delaware State College to decide the eligibility of one Fred Freeman.

On invitation of Dr. J. T. Williams of Maryland State College the Chairman of the Eligibility Committee visited the College for the purpose of discussing the eligibility rules for athletes without involving the association. A review of the rules of athletic regulations of athletes at CIAA institutions was given. The athletic board presented a list of athletics at their institution. I informed the board that I could not give any ar-

proval but would be happy to submit a copy of said list to the institutions of the association. They readily agreed to furnish me with enough copies. These copies were submitted to the President, Secretary-Treasurer, and each member institution. Each receiving said copy was asked to make a careful study of the athletes and the information concerning each and to contest any athlete who did not conform to the eligibility of our association; that if there were no protest, then the Eligibility Committee would be free to approve Maryland State College as an opponent to participate with in sports.

Benjamin Warren, a student of Virginia Union University, wrote asking for a ruling that would permit him to play football at Virginia Union University. The committee answered, referring his case of eligibility to the athletic authority at Virginia Union. A phone call to the chairman from Coach Thomas Harris of Virginia Union concerning the eligibility of Benjamin Warren was told that it was the responsibility of each institution to determine the eligibility of its athletes.

After the lists of eligibility from the several members of the CIAA were submitted from the Chairman of the Eligibility Committee to the several institutions, Mr. S. B. Taylor, Athletic Director of Bluefield State College, protested the eligibility of Benjamin Warren. The case was just settled last night. This is the ruling to be added to my report:

Mr. S. B. Taylor of Bluefield State College charges that Benjamin Warren, a player on the football team of Virginia Union University, was ineligible since he had played four years, namely, 1946, 1947, 1948, and 1949. In seeking to confirm this accusation, the committee referred to the CIAA Bulletin which showed the rosters of the schools for football in 1946 upon which Warren's name did not appear, whereas at the end of 1947 he was reported for two years' participation, in error, as many others, as was proven in the two bulletins. Due to this faulty report in the Bulletin and the lack of documentary evidence submitted by Mr. Taylor, we fail to see grounds for declaring Warren of Virginia Union ineligible for the 1950 football season.

Coach Riddick of North Carolina College was informed that if Roy Lee had not participated in professional baseball since the annual meeting in 1948, he was eligible for CIAA participation.

Coach Russell Blount of St. Paul's Polytechnic Institute was given permission to play the Mt. Airy Badgers

of Philadelphia a basketball game December 2 or December 8, 1950.

Respectfully submitted: Thomas P. Fraser, L. D. Smith, and H. C. Perrin, Chairman.

#### COMMITTEE ON MEMBERSHIP STANDARDS

Mr. J. B. McLendon

I have the report of the Membership Standards Committee and find that all schools in the conference have met their standards this year, only one team being in question, and I will have to ask them to justify their eligibility membership before they leave today. But here are the reports of eligibility in each area of sports participation and they will be passed out to the athletic directors of each school.

On this one school, Bluefield State College, there is some question about their eligibility and that has to be cleared up by those delegates before I have a complete report.

#### COMMITTEE ON BASEBALL

Mr. J. E. Lytle

The following is the report of the Baseball Committee.

First we have here the tabulation of the teams that plan to compete in baseball in the 1951 season, nine in all, three of which are uncertain: A. and T. College; Delaware State; Howard University, uncertain; North Carolina College; St. Augustine's College, uncertain; Shaw University; Virginia State College, uncertain, West Virginia State College; Winston-Salem Teachers College.

It was determined as a result of the records available that A. and T. College won the 1950 baseball championship with a record of 11 games won, 3 games lost. Lincoln University was second with 8 games won, 2 games lost. Two scheduled Lincoln games were canceled because of rain.

The following recommendations are submitted for the consideration of the conference:

1. That every team play competing teams at least once.

2. No more than two games, and the first of a home-and-home series arrangement be computed in championship considerations.

3. That the baseball championship be computed on a percentage basis.

4. That participating teams submit baseball schedules to the Office of the Secretary-Treasurer by January 15, 1951, subject to a \$25 fine for failing to do so.

5. It is recommended that the CIAA look into possibilities of conference baseball teams being considered in Regional Play-offs of the National Collegiate Athletic Association.

That concludes the report of the Baseball Committee.

#### COMMITTEE ON BOXING AND WRESTLING

Mr. K. E. Brown

Much difficulty was encountered in securing an appropriate site or location for the 1950 CIAA Championship Boxing and Wrestling Tournament. However, it was finally agreed upon that the tournament would be held in Washington, D. C., on February 28, March 1 and 2.

Due to the expense involved in renting Turner's Arena, it was agreed upon to stage the preliminary bouts in boxing at the 11th Street YMCA and the preliminary rounds in wrestling at the Howard University Temporary Gymnasium. It was further agreed upon to stage the finals for both sports at Turner's Arena.

The following institutions participated in the wrestling championships: Howard, Hampton, Morgan, Virginia State, Lincoln, Delaware State, and Johnson C. Smith. Boxing was participated in by Howard, St. Augustine's, A. and T., Morgan, Hampton, Shaw, Winston-Salem, Virginia State, Lincoln, West Virginia State, Bluefield, Virginia Union and Delaware State.

The championship in wrestling was won by Howard University with 28 points, while Hampton and Morgan tied for second place with 22 points each. Virginia State was third with 19 points.

The financial report of the CIAA Boxing and Wrestling Tournament is as follows:

#### Expenditures

\$ 12.00—To Dr. H. F. Douglas for examination of participants  
16.70—Tax to Internal Revenue  
18.09—Rental of chairs for wrestling bouts at Howard University  
4.00—Charge for broken rented chairs  
8.50—Cost of printing tickets, Ayers Advertising Company  
6.00—To Larry Carter for printing local signs  
1.50—To Mr. Mitchell, Physical Director, YMCA, to have boxing ring erected at that institution  
2.00—Stamps  
3.85—Telegrams  
2.85—Telephone calls  
2.50—Student help at door of Howard Gymnasium  
10.00—Donation for Twelfth St. YMCA Gymnasium  
162.00—Turner's Arena for finals  
77.70—150 placards by Service Printing Company  
42.08—Boxing and wrestling medals, Balfore Company  
16.88—One wrestling plaque and one boxing plaque from same company

\$386.65

#### Officials:

\$ 10.00—Fred Lee, Boxing  
45.00—William Brown, Boxing  
70.00—Russell Allen, Boxing  
51.00—Ardella Campbell, Boxing  
68.00—Jonathan Campbell, Wrestling  
40.00—Thompson Clayton, Wrestling

\$284.00—Total—Note: These fees include room, board, and traveling expenses.

\$670.65—GRAND TOTAL

#### Receipts

\$ 48.00—Registration Fee (at 50 cents per man)  
6.25—Door receipts at YMCA  
11.00—Door receipts at Howard University Gymnasium  
69.45—Door receipts at Turner's Arena

\$134.70—Total

400.00—Advanced by CIAA for operation expenses

\$534.70—Total Receipts

670.65—Total Expenditures

\$135.95—DEFICIT

The recommendations of the Committee are:

The experience of the Committee on Boxing and Wrestling leads it to believe that it is impossible to sponsor a CIAA Boxing and Wrestling Tournament on a promotional basis at this time without incurring a large deficit. The Committee therefore recommends:

1. That in the future a member institution act as host for the Boxing and Wrestling Tournament as was the previous custom.

2. That the Championship Tournament continue to be underwritten by the conference to the usual amount of \$400.

3. That Shaw University be the host for the 1951 tournament on March 15, 16, and 17 as per request.

That the Boxing and Wrestling Committee give full cooperation in the administration of this tournament.

5. That a committee composed of Robert Gardner, Chairman, Mathew Brown, and Thomas Verdell select the officials for the proposed tournament.

6. That the wearing of official boxing headgear be made compulsory for participants in dual, triangular, and championship meets as prescribed by the rules of the NCAA.

7. That the wearing of boxing jerseys during participation be optional.

This is signed by Kenneth Brown, Chairman, Thomas Hart, Robert Gardner, Samuel Barnes, Thomas Verdell, and T. Antoine.

## COMMITTEE ON SWIMMING

Mr. T. F. Johnson

The Third Annual Invitational CIAA Swimming and Diving Championship for men was held at West Virginia State College on March 2, 3, and 4, 1950.

Participating teams and the final standings are Tennessee A. and I. College first; Howard second; Hampton third; and West Virginia State College fourth. The details of the meet and the individual performance records were submitted to the Secretary-Treasurer by Dr. Charles Hawkins of West Virginia State College.

Tennessee A. and I extended an invitation to the CIAA to be host for the meet this year. However, the committee this afternoon decided that due to the distance we would not accept the invitation, and a letter of acknowledgement is to be sent to Tennessee A. and I. College, I presume by the Secretary-Treasurer.

Hampton Institute will serve as host school for the Fourth Annual Invitational CIAA Swimming and Diving Championship for Men, which will be held March 1, 2, and 3, 1951. An attempt will be made to enter the outstanding swimmer or swimmers in the annual NCAA Swimming and Diving Championship for Men to be held at Yale University in the early part of March, I believe beginning March 12.

North Carolina College and Morgan State College plan an intercollegiate swimming meet during the school year '52-53. Of course, this is pending the completion of renovations at North Carolina and construction of a swimming plant at Morgan.

The Swimming Committee recommends that the sum of \$250 be awarded to the host school, which this year is Hampton, for the purpose of sponsoring the Fourth Annual CIAA Swimming and Diving Championships to be held March 1, 2, and 3.

The Swimming Committee recommends that the host school be responsible for the complete planning and organization of the championship meet, which has been the case in the last two or three years.

The Swimming Committee further recommends that Tennessee A. and I. College be invited to participate in the Fourth Annual Championship Meet, which has also been the case in the past two years.

Mr. President that completes the report.

## COMMITTEE ON TENNIS

Mr. E. L. Jackson

Mr. Chairman and gentlemen: The 1950 Tennis Tournament which was

held at West Virginia State was one of the most successful in recent history, with ten schools being represented. The policy of beginning play on Thursday instead of on Friday was found to be a most desirable one. Frequently it rains at that time of the year and if you have an extra day in there, with a large number of participants it gives you a chance to complete the tournament.

This tournament was won by Morgan State College with West Virginia finishing second.

It is recommended that the 1951 CIAA Tennis tournament be held on May 10, 11, and 12, with the CIAA subsidizing the cost of trophies as in the past, and also the cost of the balls. In the past the host school has paid the whole cost of the balls and that is getting to be quite an item now.

The place of the tournament will be announced later. We have one or two schools who have promised to take it, but they have to check with other authorities before they can give us definite word.

## COMMITTEE ON TRACK

Mr. L. Walker

Mr. Chairman, this is the report of the Committee on Track. It is in two brief parts, the review of the 1950 track season and the announcement of 1951 events in track for the CIAA.

The increased number of schools participating in dual, triangular, quadrangular meets indicates that track participation by CIAA members is on the upgrade. The following meets were reported.

Hampton and Howard reported quadrangular meets; St. Augustine's, hexangular meet; Lincoln-Howard, A. and T. — Winston-Salem; A. and T. — North Carolina College, dual meets; Winston-Salem, relays; and North Carolina College, relays.

The closed championship was held May 12 and 13 at Morgan State College, and Morgan eked out a win in that meet. The committee wishes to state that the managerial and operational aspects of the meet were commendable, and the number of registered participants in events above the requirements of standards for eligibility was indeed a wholesome sign. There were many more participants in all events from the 16 member competing schools than was required by the Standards Committee.

The following records were broken or tied:

The 440 yard record was broken by George Rhoden of Morgan. His winning time was 47.9. The record tied, I should say, the time of 14.9 in the 1949 meet, also by George Rhoden.

In the 880-yard run, Bill Brown of

Morgan broke the old record of 1:54.6 set by Roscoe Brown of Lincoln in 1948 at Hampton with a time of 153.9.

The 120-yard high hurdles record was broken by Lester Scott, also of Morgan, with a time of 14.6 seconds.

The 220-yard low hurdles record was broken by Ed Carter, not of Morgan but of A. and T., in 24.3 seconds.

A pole vault record was set by Charles Bryant of Howard, breaking the record of Jones of Virginia Union of 12 feet set in 1935 for Hampton. Bryant's record was 12 feet, 4 inches.

The mile relay record was broken by Morgan with 3:12.5, and the medley relay record was also broken by Morgan with 3:25.4 seconds.

In non-conference competition the achievement of CIAA representatives was noteworthy.

Lincoln University reports competition with LaSalle, Westchester State Teachers College, Lock Haven, and Bloomberg. Lincoln also reports that Jim Cook, one of their star athletics achieved fifth place in the National AAU Decathlon and ranked in the Metropolitan AAU shot put and high jump events.

North Carolina College reports that Donald Leek won and set a new record in the Indoor Junior National AAU 60-yard high hurdles in New York City with a time of 7.8 seconds.

Howard reports that Bruce won the 880 yard handicap run in the Evening Star Meet.

Member schools of the CIAA reported participation in the following meets:

Indood: The Evening Star games, Washington; the Philadelphia Inquirer; Seton Hall relays; South Atlantic Meet; the Melrose games; the Knights of Columbus; and the National AAU championship.

Outdoor competition: Seton Hall Relays; Penn Relays; the NCAA Meet; the National AAU Meet; the South Atlantic championship; and the California Coliseum Relays.

The committee feels that participation of member institutions in athletic competition outside of the conference is desirable and contributes greatly to the prestige of the conference. Therefore, it wishes to call to the attention of the body, and have it included in the report of this committee, some of the highlights of the 1950 Morgan College track team to which we point with pride.

The Mile Relay Team, composed of LaBeach, Tyler, Brown, and Rhoden, set records in the following meets:

The Seton Hall Championship with the remarkable time of 3:15.3, a new record.

The Pennsylvania Relays, Class A Championship, with the still better time of 3:13.6, a new record.

They ran second in the Los Angeles Coliseum Relays. The Winning time was 3:10.1, the fastest time in the country for 1950, Morgan's time being 3:10.2.

Morgan placed fifth in the NCAA Track and Field Championships at the University of Minnesota.

They made 36 points in the Junior National AAU Championships at the University of Maryland, and placed fourth in the National Senior AAU Championships at the University of Maryland.

They won the National AAUR Relay Championship, the 1600 Meter Relay Championship and also the 400 meter Relay Championship.

They won nine national championships during the 1950 track season, and also won the Freshman Mile Relay, University of Pennsylvania Relays, in the exceptional time of 3:21.4.

Some of the individual performances should be mentioned.

George Rhoden set a new world's record in the 400-meter dash in Sweden, in the time of 45.8 seconds. I suppose that record is pending. Rhoden also won the NCAA 440-yard championship and the National AAU 400-meter championship.

William Brown won the NCAA 800-yard dash championship in the exceptional time of 1:51.2.

Arthur Bragg, at that time, I believe, a freshman at Morgan, won the Junior AAU 100-meter championship — I'm sorry He was second in that event and won the Senior AAU 100 meter championship.

Robert Tyler won the National AAU 200-meter championship and set a new English record in the 100-yard dash in England last summer with the time of 9.4 seconds.

Four Morgan track men represented America in European meets: George Rhoden, Arthur Bragg, Robert Tyler, and William Brown.

During the Christmas holidays, Arthur Bragg will travel to San Francisco and then on to New Zealand during the Christmas holidays to participate with a 7-man American team in meets there.

Another wholesome sign of the advancement of track in the CIAA is the construction of new tracks about the conference. Particular mention is made of Virginia State College construction now under way, and North Carolina College's track, both of which should be available in 1952.

As for 1951 competition, the closed championship will be held at Morgan College May 11 and 12.

The committee recommends, and reference is made to, the Standards for Membership in the CIAA, page 32 of the 1949 Bulletin. To be considered eligible in track, a school must

participate in one dual, triangular, or quadrangular meet, and in the CIAA Relays, Open Meet, and Closed Championships. At least three entrants must take part in three track events and two entrants in two field events. And so recommendations that the Relays Championship be revised in 1952 is not new. It is simply calling the membership's attention to the fact that that is a part of the regulation already stipulated. It is recommended that two relay teams and two fields events be entered in this relay championship by each member school.

The events are as follows: The 440-yard relay; the 880-yard relay; the mile; two miles; sprint medley; distance medley. The field events are: shot put; high jump; pole vault; broad jump; and javelin.

It is further recommended that the conference underwrite the relays in the amount of \$400.

Further competition for 1951 is the Winston-Salem Relays, usually scheduled the week before the Penn Relays, this year April 21; and the North Carolina College Relays, usually scheduled for the first week in May.

The Committee further recommends that a committee be appointed to study the number of places and points to be awarded in each event of the championships.

This recommendation grew out of a statement to the committee by Mr. Smith, asking for a change in the points to be awarded for placement, that is, instead of giving the customary 4 points, to give 5 places, the points to be scored 5, 4, 3, 2, 1. The committee felt that some time would be necessary to study this, Mr. President, and recommends the appointment of a committee to study the same.

This report is respectfully submitted by the Track Committee, T. Hart, I. Mondschein, B. Pigott, T. Verdell, L. Walker, and E. P. Hurt, Chairman.

#### COMMITTEE ON SOCCER

Mr. T. A. Hart

Mr. President and members of the CIAA, only two colleges in the CIAA participated in soccer this past 1950 season. Lincoln University played Howard University and several dominantly white colleges in New Jersey and Pennsylvania. Howard University played Lincoln University, Seton Hall University, Queens College in New York, Bloomsburg State Teachers College, and Wilkes State Teachers College in Pennsylvania.

Hampton Institute, which usually has a soccer team, was unable to present a team this year.

We recommend that every member of the CIAA be encouraged to present a soccer team for the 1951 season.

#### COMMITTEE ON CERTIFICATION OF OFFICIALS

Mr. S. R. Hall

This is the report of the Committee on Certification of Officials.

The following items of business were considered and disposed of:

1. The recommendations made by several members of the Affiliated Boards of Officials for the approval of officials in several sports by the Committee on Certification of officials.

The committee passed a resolution honoring the recommendations of the boards provided that the officials whose names were submitted had met all of the requirements for certification. Under this resolution the following officials were certified:

L. M. Patrick, Lynchburg Board Basketball.

Fred Leigh, Eastern Board, Boxing and Wrestling.

A. Warner, Southern Board, Basketball.

Fletcher Turner, Eastern Board, Boxing and Wrestling.

J. W. Twitty, Southern Board, Basketball.

Harry Koontz, Southern Board, Basketball.

William Oliver, Southern Board Basketball.

Lee M. Bridges, Eastern Board, Football.

D. Tommy Anderson, West Virginia Board, Basketball.

James R. Brammer, West Virginia Board, Basketball.

Eddie Ferrell, West Virginia Board, Basketball.

William Prunty, Harold D. Martin Board, Football.

Melvin Pawley, Harold D. Martin Board, Football.

Willmer Dillard, Harold D. Martin Board, Football.

Charles Price, Harold D. Martin Board, Football.

The following names were approved in football pending the satisfaction of the requirements of the commissioner of Football Officials:

Ezra Murdock, Baltimore Board.

Roscoe Chambers, West Virginia Board.

David Coleman, West Virginia Board.

Eddie Ferrell, West Virginia Board.

George Jarret, West Virginia Board.

Richard Moultrie, Hampton Roads Board.

Rlanence T. Young, Hampton Roads Board.

John A. Christian, Hampton Roads Board.

2. The Committee critically evaluated the list of officials who were certified at last year's conference. As a result of this evaluation, the Commissioner of Football Officials was in-

C. I. A. A. BULLETIN

structed to contact the following officials and express the dissatisfaction of the committee on mediocre performances on the gridiron the past season:

T. H. Henderson, Central Board.

Ernest B. Ashe, Tri-State Board.

J. Douglas Anderson, West Virginia Board.

A. H. Callaway, West Virginia Board.

James R. Jarret, West Virginia Board.

Marion Meadows, West Virginia Board.

Julius C. Tonsler, West Virginia Board.

The Committee felt that if, after having been urged by the Commissioner, the performances of these men did not improve, they would be subsequently dropped from the list of certified officials.

To aid in the improvement of officials, the committee further recommended by vote that the CIAA instruct the Commissioner of Football Officials to conduct a one-day pre-season clinic for football officials at which time the "Boys in White" would be tested on the following:

(1) Knowledge of rules and their interpretation.

(2) Speed.

(3) Mechanics of officiating.

This clinic will be substituted for the annual football rules interpretation meeting held each year by the CIAA.

3. By vote the committee dropped the following basketball officials from the certified list for incompetency:

Ernest Asne, H. S. Blue, J. E. Colston, Enoch E. Hayward, R. O. Karmegay and A. H. Peeler.

4. The committee approved all of the names on the current list of certified officials in baseball, boxing, wrestling, swimming, and track and field. The names of Thomas Harris of Virginia Union and W. E. Jordan of J. C. Smith were certified as boxing officials.

5. The committee acted on the communication from the Affiliated Boards of Officials as follows. This communication was received from the Affiliated Boards and this is the action of the committee:

The first item was:

"That the Commissioner of Football Officials strive to achieve greater geographic interchange in assigning certified officials to games."

This was approved by our committee.

The second was:

"That the Commissioner of Football Officials strive to achieve better temporal spacing so that officials assigned games will not have intervals of three or more weeks between games."

This was referred to the Commissioner.

The third item was:

"That the fee for regular CIAA games be raised to \$32.50 per official."

This recommendation was not approved.

The fourth item was:

"That the CIAA adopt the policy of having the CIAA Commissioner of Football Officials assign at least two officials in all intersectional or inter-conference games in which CIAA schools participate."

The committee took the following action on this recommendation, that it substituted the following for it:

"That in cases where other conferences require the presence of their officials in contests with CIAA teams, these conferences be required to accept an equal number of CIAA officials in such games."

Item No. 5 was:

"That prior to football season each year the Commissioner of Football Officials send to the Coach, Athletic Director, and Business Manager of each member school and to the secretary of each Board of Officials a compendium of policies pertaining to relationships of schools and their representatives to officials and to the reasonable expectations of officials."

"The following specific points deserve clarification and emphasis in terms of existing CIAA policy:

"a. Fees for regular Thanksgiving and promotional games."

The Committee took this action on that, that intersectional games sponsored by schools are not accepted as promotional games. Consequently, the fee for such games would be the same as for regular games. But if a contest was promoted by outside sources, then that would be the definition of a promotional game. With that provision, or rather those definitions that recommendation was approved.

There were others:

"b. Method of computing travel and meal allowance.

"c. Dressing facilities apart from player and coaches.

"d. Coaches having the opportunity of meeting officials under goal posts 15 minutes prior to game time."

Those recommendations were approved.

No. 6 was:

"That the CIAA recognize the wish, need, or desire of men to attain certification as officials even though they may not wish to work CIAA games."

This resolution was not approved. It seems as though there were, in some localities, officials who were interested in working high school games but could not work in the high school games because they were not approved, and the committee took the position

that if they were not interested in becoming eligible to officiate in any CIAA games, the CIAA should not certify them.

No. 7 was:

"That competence, as best it can be determined, be the primary basis for assigning officials to games."

No. 8 was:

"That the fee of the Football Commissioner be considerably increased. We realize that this is an unusual request in that the CIAA alone pays the Commissioner but the Affiliated Board is aware of the tremendous amount of work done by the Commissioner and would be happy, if you can find it possible to do so, to increase his salary."

This was referred to the Committee on Recommendations.

No. 9 was:

"That the CIAA appoint a Commissioner of Basketball Officials with the idea in mind of establishing zones to cover the area of the conference. The Board has what it believes to be a workable plan and would be happy to go into details about it."

This was referred to the Committee on Recommendations.

6. The committee recommended that a letter from the Capital Board of Officials concerning certification of its officials be referred to the Secretary-Treasurer outline the proper procedure to this Board.

7. The committee appointed a sectional committee to investigate the alleged charges that certain competent young officials are not being permitted to affiliate themselves with local boards. This committee was directed to report its findings at next year's meeting, that is, to the Committee on Certification of Officials.

8. The committee recognized its responsibility of recommending persons to serve as the Commissioner of Football Officials and the Assistant Commissioner of Football Officials, as stated in the constitution. In view of this, the committee selected the following: As Commissioner, Mr. Benjamin Washington; as Assistant Commissioner, Dr. W. N. Rivers.

Respectfully submitted.

#### COMMITTEE ON AUDITING AND BUDGETING

Mr. E. T. McGhee

Mr. President, members of the association: The Auditing and Budget Committee wishes to report that after a detailed examination of the Secretary-Treasurer's report and records, it found it to be the most complete and accurate report submitted in a number of years. The committee wishes to commend the Secretary-Treasurer for same.

The Auditing and Budget Committee

wishes to make the following recommendations:

1. That the Secretary-Treasurer be bonded by the association in an amount set by the Executive Council.

2. That without any reflection on any member of any committee, all financial operations of the Basketball Tournament and National Classic Committee or any other promotional committee be placed under the supervision of the office of the Secretary-Treasurer; that all income and expenditures be cleared through his office. The committee further recommends that the Secretary-Treasurer be authorized and empowered by the Association to set up proper operating machinery for said recommendation.

3. The committee recommends that the proposed budget as set forth by the Secretary-Treasurer's office for 1950-1951 be adopted.

#### COMMITTEE ON AFFILIATED BOARDS OF OFFICIALS

Mr. R. D. Armstrong

Mr. President, men of the Association: I bring you greeting from the Affiliated Boards of Officials. We had a very pleasant and beneficial meeting last Sunday in Lynchburg, Virginia, one which all of us thought was certainly a big improvement over the type of meeting that we had years ago.

During the course of the year our Board has been very active, and all of the member boards. During the football season in particular, our boys have conducted regular interpretation meetings, and from time to time many members from the various boards have attended various clinics.

We feel that we are on the up-grade and our concern is the same concern, and that is for the betterment of athletics and the conference. It has been our objective during the years that we have been organized to give the very best of service that we possibly could, and that can be done only with the study and effort of the men who are participating in our Board.

At the meeting last week I was instructed to bring to you several recommendations. A copy of these recommendations was transmitted to the Secretary-Treasurer, and this time, Mr. President if it is your desire, I would like to read them, or should we pass them on to the proper committee?

These recommendations are:

To the Members of the Central Intercollegiate Athletic Association: The Affiliated Board of Athletic Officials in its annual meeting held at Lynchburg, Virginia December 3, 1950, wishes to submit the following recommendations to the CIAA:

1. That the Commissioner of Foot-

ball Officials strive to achieve greater geographic interchange in assigning certified officials to games.

2. That the Commissioner of Football Officials strive to achieve better temporal spacing so that officials assigned games will not have intervals of three or more weeks between games.

2. That the fee for regular CIAA games be raised to \$32.50 per official.

4. That the CIAA adopt the policy of having the CIAA Commissioner of Football officials assign at least two officials in all intersectional or interconference games in which CIAA schools participate.

5. That prior to the football season each year the Commissioner of Football Officials send to the Coach, Athletic Director, and Business Manager of each member school and to the secretary of each Board of officials a compendium of policies pertaining to relationships of schools and their representatives to officials and to the reasonable expectations of officials.

The following specific points deserve clarification and emphasis in terms of existing CIAA policy.

a. Fees for regular Thanksgiving and promotional games.

b. Method of composing travel and meal allowance.

c. Dressing facilities apart from players and coaches.

d. Coaches having the opportunity of meeting officials under the goal posts 15 minutes prior to game time.

6. That the CIAA recognize the wish, need, or desire of men to attain certification as officials even though they may not wish to work CIAA games.

7. That competence, as best it can be determined, be the primary basis for assigning officials to games.

8. That the fee of the Football Commissioner be considerably increased. We realize that this is an unusual request in that the CIAA alone pays the Commissioner but the Affiliated Board is aware of the tremendous amount of work done by the Commissioner and would be happy if you can find it possible to do so, to increase his salary.

9. That the CIAA appoint a Commissioner of Basketball Officials with the idea in mind of establishing zones to cover the area of the conference. The Board has what it believes to be a workable plan and would be happy to go into details about it.

Respectfully submitted: R. D. Armstrong, President; F. G. Burnett, Secretary.

#### REPORT OF THE COMMISSION OF FOOTBALL OFFICIALS

Mr. Benjamin Washington,  
Commissioner

To the President, Officers, and Members, Central Intercollegiate Athletic Association.

Greetings:

I wish to submit herewith a resume of the conduct of the office of the Commissioner of Football Officials for 1950.

On September 16, 1950 our annual football rules interpretation meeting was held at Virginia State College, Petersburg, Virginia, with all schools and colleges in the conference and all boards of officials represented, except one school.

Mr. Orell Mitchell, Washington, D. C., Mr. Gus Tebell, Charlottesville, Virginia, and Mr. F. G. Heath, Raleigh, North Carolina were the interpreters of changes in 1950 football rules and demonstrators of mechanics in officiating, with a group of boys in white representing two boards of officials.

The general tenor of the meeting was not up to the standard heretofore maintained. Nevertheless, the many changes in the rules incorporated for 1950 were clarified on the field as well as in the laboratory.

Radical changes brought much confusion to the coaches and officials. Hence, the National Collegiate Association Rules Committee issued during the season a number of bulletins in an effort to keep the arbiters on the field definitely current with the very latest interpretations.

Copies of all of these bulletins released were sent to my office from the press, and these were, in turn, mimeographed and sent to every coach and to every board of officials so that all concerned would also be alert to the latest interpretations. This extra work caused my office to slightly exceed the budget allowance for operating expenses.

#### Attendance at Local Board Meeting

Among the boards of officials more than 100 weekly meetings were held during the season, where rules study, tests mechanics of officiating, moving pictures on officiating, and weekly review of the preceding week's outstanding rules interpretations throughout the country were the order of the day. Several members were opposed from their boards for not maintaining professional standards in their field work and for other substantial reasons.

Southern Conference—Race Relations.

An invitation to your Commissioner to attend the conference of the Southern Football Officials Association in Raleigh, North Carolina during the summer, with Wallace Wade of the Football Rules Committee presiding.

C. I. A. A. BULLETIN

was accepted, and his presence there where cordial and professional relations were cemented was the first time in our experience that this very fine gesture had been made. Its results were far-reaching in more ways than one.

### Integration of Officials

The integration of officials from different boards and from different geographical areas on a broader scale this year than during the previous year has produced eminently satisfactory results in a common understanding of rules interpretation and of the Mechanics of Officiating as edited includes areas from the Atlantic to the Pacific and from Maine to Louisiana, and with which your Commissioner is definitely identified.

### Interconference Reciprocity

Through hearty cooperation of many of our coaches who play interconference games, we have this year three commissioners from as many conferences making assignments of officials for intersectional and interconference games.

In the classics and interconference games more than 25 of our boys in white from every board on our list of approved football officials were given assignments and the results are exceedingly satisfactory to all parties concerned, with one exception.

Already requests for this interconference reciprocity have been registered with the commissioners of each conference, to be operative in 1951.

### Commissioner's Visits

During the football season I have made many visits to see my boys in white on the gridiron in independent games, scholastic games, collegiate games, and inter-sectional games. I see steadily improving coordination among them, quicker response to certain situations, prompt calling of rules violations, better display of signals, and as a whole better teamwork on mechanics, but by no means am I satisfied for there is much room for improvement in all phases of field work.

Method of Handling Coaches' Complaints.

I hope every coach will follow this method. When the Commissioner received complaints from coaches about officials — now this means receiving complaints immediately after any criticism is leveled at the officials, not today in Washington. I will repeat that:

When the Commissioner receives complaints from coaches about officials making what they consider wrong interpretations of the rules, I immediately send such complaint to the named official and request his version of the incident. Invariably there is a different situation from that which the coach presents. Sometimes viola-

tions are apparent to the official on the spot which are not understood by the men on the bench. By this method the official knows that he must render to the Commissioner an exact description of any play, and he consequently prepares himself for better and better understanding of the rules. This method has produced better results.

### Rating Criteria Changed.

No longer are we evaluating the official on our likes or dislikes of his personality or on his residence or on his board affiliation. Certain definite criteria are now the basis of such evaluation, but these have not been registered on the minds of all coaches at the beginning of the 1951 season, as edited by the National Association of Football Commissioners with which I am actively identified.

Those criteria are:

1. Ability to handle players in a firm, friendly fashion.
2. Knowledge and understanding of the latest as well as the standing rules.
3. Knowledge and adherence to approved mechanics.

In this latter category there is as much need for study on the part of football coaches as there is need for continual study of the playing rules.

I wish now to place in your hands the efficiency ratings that you have sent in with this brief comment. Again coaches are not sending to my office promptly their rating cards of the men who work on the gridiron. At this very moment, 10 minutes past 4:00, December 8, 1950, there are already overdue report cards from seven coaches representing 18 ratings cards. This represents 72 ratings for the boys in white whose work was completed days and days ago. Any criticism coming in now is of no value. I can't correct it now.

Look at our rating sheets. What an interesting study of this phase of the Commissioner's work that is. And then visualize the clerical and statistical computation required to bring this data up to the minute. Something in excess of 400 ratings have been carefully listed and minutely studied.

But listen a while, while I read to you some of these reports. I will put them in your hand for study. In addition, I have the rating cards of every coach who sent them to me, with your rating of the official and next to it your opponent's rating of that same official. They are parallel studies. Much, much work is involved here.

May I now place these in your hands and we will study these together for a short while.

(Documents were distributed to the assemblage.)

Now, at the top you will notice, "A study in Coaches Ratings of Football Officials; Season - 1950." In the first

column is the name of the school; in the second column, the number of reports that were sent in, and that, multiplied by four officials for each game, will give you the number of ratings that were sent in by each coach all the way down that line.

Now, from top to bottom in the first column you can see what coaches sent in ratings. You can see you all did not.

The next column is marked "Excellent, %." Morgan College sent in 28 ratings, 84 per cent of which were "Excellent" ratings for the officials. Morgan College said, "Of all the officials who came to officiate at the games, 16 per cent were very good." And at the end of that line, according to Morgan's rating of the officials who worked in your games also, Morgan rates them 97 per cent in 1950. In 1949 Morgan says, "The men the Commissioner sent to work in the games were rated 90 per cent." In 1948 Morgan says, "The officials sent for these games were 90 per cent efficient, and 98 per cent in 1947."

Now, that same study can go to every school on this list, and we have already seen the ratings for 1950, 1949, 1948, and 1947.

Go back to the "Excellent" column. If you will go down that column you will find that ten coaches evaluated at least some of their officials as excellent performances on the field, and you will notice also that some of those competing coaches said, "Nay, nay, not so, not one of these coaches in my estimation was excellent."

In the "Very Good" column, practically every coach said, "Yes, some of these officials are very good." St. Paul's didn't think so. See down there at the bottom. St. Paul's said, "Everybody you sent to me was a good official." Do I clarify the study? St. Paul's says nobody was fair; nobody was poor.

Now, in the "Fair" column, a number of schools said not one official was fair in his field performance. Several schools said, "Yes some were fair in my evaluation."

Now look at the column marked "Poor". Five coaches said, "I consider this number poor." May I take Hampton. Hampton says, "Three per cent of the officials sent to me gave a poor performance." That 3 per cent is one official in one game. So that with Hampton, for eight games, 32 ratings, there was only one person the coach at Hampton considered poor. And Hampton sent to me an account of what they considered poor officiating. I in turn corresponded with that particular individual. The three of us have a better understanding.

Going down the "Poor" column, you will notice one school says, "Twenty-one per cent of the officials who work-

ed in my games were rated poor." Winston-Salem says, "Seven per cent were poor." I am not picking a particular school; I am just making a study.

Down to Bluefield. Where is Taylor? Is Same here? Sam sent in one report, four ratings. He marked two men "Very good" and two men "poor"—or "Fair"—I beg your pardon. Therefore, Sam, says, "I only sent in four ratings. Two boys were very good; the other two were fair."

Down at the bottom we have an unfortunate situation. The coach has not up to December 8th, sent me one solitary rating about any official who worked in any game. I wonder if I have made myself clear, that your prompt reports help you, help me, and help the official.

Finally at the bottom we have the study ratings for five years, from 1946 to 1950, and you have the relative standings of how many of the men were rated "Excellent", "Very Good", "Good", "Fair", and "Poor". These ratings mean much to me and the boys. I sent your ratings right straight back to the boys at the end of the season. Now, if you call on me privately today, I will tell you your report on any game official.

May I thank you very, very much for your hearty cooperation in that respect.

My final word is:

Your commissioner has observed during the last few years:

The gradual addition to the list of boys in white of young, ambitious men who are devoting hours and hours of study of the techniques of football officiating;

The ever-increasing interest manifested by the several local boards in the personal being added to their membership;

The more rigid the requirements by local boards for continuance of membership in the same;

The increasing number of tests in football season given by each local Board.

#### COMPILER OF ATHLETIC RECORDS

Mr. J. B. McLendon, Jr.

Mr. President, all but two schools sent in their statistics in basketball and you have the seasonal records and the all-time records in basketball based on compilation of the statistics involving 14 member schools.

This year we were for the first time able to prepare a little advance copy of the statistics of football. There are a couple of errors and I would like you to make a correction, if you please, because you may want to have this published by your local papers or something.

Morgan State College, in the second

bracket on the team statistics in football Morgan State College won 5, lost 0, tied 2, and they are tied for second place with North Carolina College. It is unofficial as yet, but they are tied for second place.

Scoring the most touchdowns, Bluefield State, 34 in conference only. They had 50, but in conference only 34. Change that "50" to "34."

Morgan State College tied 2, and where it says "third place" put "second place."

Now, there has never been a definite deadline set for statistics in football. I don't think there has been. If there has been, I am sure that the coaches who failed to send in their statistics are not aware of it. Therefore I wouldn't ask for them to be penalized. However, I would like them to get these statistics to me before the end of the meeting. Then we can give to you a complete record of all teams and individual statistics for the year.

Now, there is a great possibility of many, many more statistics. This is just all that could be done with the sheets that came in up to Wednesday morning, so I hastily compiled this to give you an idea of what we are trying to do as a matter of team statistics. Some of these records would automatically be changed on the basis of the teams who sent in their records late. Next year we hope that with a definite deadline in mind—I suggest that December 2 or the week after Thanksgiving be the deadline—we can present total statistics on each team and a summary of statistics on the entire conference. I believe you can gain some satisfaction out of knowing that the possibilities of increased statistics are inherent in this report. You can easily see it.

#### SPECIAL COMMITTEE ON ELIGIBILITY

Mr. H. C. Perrin

Mr. President and members: We, your committee, find that Virginia Union University is guilty of using an ineligible player in football in 1950 in the person of Benjamin Warren who participated in football five years at Virginia Union University.

#### Recommendations:

1. That all games in which Benjamin Warren participated be forfeited.

2. That Virginia Union be fined \$50.00 for violation of the eligibility rule.

It is signed by your committee T. E. McKinney, Thomas B. Fraser, Edward L. Jackson, James T. Taylor, H. C. Perrin, Chairman.

#### BASKETBALL TOURNAMENT COMMITTEE

Mr. T. L. Hill

Mr. President, members of the CIAA: The Fifth Annual CIAA Basketball Tournament began on the night of Thursday, December 9, at the Uline Arena, Washington, D. C., and was concluded on March 11.

The following teams, by virtue of their season's record participated in the Fifth Annual Tournament: West Virginia State College, North Carolina State College, Virginia Union University, Lincoln University, Virginia State College, Shaw University, Delaware State College and Johnson C. Smith University.

West Virginia State, with a 17-1 record, was seeded No. 1; North Carolina State College, with 11-5 was seeded No. 2; Virginia Union University, with an 14-4 record, was seeded No. 3; and Lincoln University, with an 11-3 record, was seeded No. 4.

The tournament schedule and results were as follows:

Thursday Afternoon:

Lincoln University - 80 - Delaware State 60

Virginia State College 64 - Virginia Union 62

Thursday Night:

North Carolina State 87 - Shaw University 56

West Virginia State 75 - Johnson C. Smith 48

Friday Night:

North Carolina State 71 - Virginia State 47

West Virginia State 66 - Lincoln University 55

Saturday Afternoon:

Lincoln University 64 - Virginia State 57.

North Carolina State 74 - West Virginia State 70.

That was the championship game.

After the championship game, the first, second, and third place trophies were awarded. North Carolina State College received the championship trophy, presented by Dr. J. T. Williams for the Norfolk Journal and Guide Publishing Company; West Virginia State College received the runner-up trophy, presented by Mr. E. B. Henderson for the North Carolina Mutual Life Insurance Company; Lincoln University received the third-place trophy, presented by Mr. P. H. McPhail for the Southern Aid Society. Mr. Mark Cardwell received the trophy presented by Mr. Arthur Carter of the Afro-American Publishing Company, as the outstanding coach of the Tournament. Mr. Harold Huntre of the North Carolina Eagles received the most valuable player award, presented by Mr. John R. Pinkett, Inc. The players of the first

C. I. A. A. BULLETIN

three teams were awarded respective individual gold, silver, and bronze miniature basketballs. Mr. Wilson, of West Virginia received a trophy for being the high scorer of the tournament presented by the Pittsburgh Courier Newspapers.

Chrcnological Review of Committee Activities for 1950:

The Tournament Committee held five meetings prior to the Championship Tournament on the following dates:

January 22, Washington, D. C.  
February 5, Washington, D. C.  
February 19, Washington, D. C.  
March 5, Washington, D. C.  
March 8, Washington, D. C.  
March 12, Washington, D. C.

January 22:

1. Accepted available housing accommodations
2. Accepted commitments from 1950 trophy donors
3. Accepted detail report on souvenir program
4. Accepted office space at 410 Florida Avenue
5. Assigned members of Committee to special duties
6. Reviewed contract with Uline Arena with reference to cutting cost of extra helpers
7. Agreed upon schedule of prices for tickets
8. Agreed upon sale of high school tickets through Dr. Henderson's office.
9. Agreed upon pre-sale of season books to be handled by each school.
10. Agreed upon Mr. R. A. Cunningham as Sales Director and Accountant
11. Agreed that display signs, blow-ups, and montages be identical with the 1949 tournament promotion.
12. Agreed that the press be handled by Mr. Arthur Carter
13. Agreed that organ music by Jerome Carrington be accepted.
14. Agreed to solicit prizes for lucky number in programs
15. Compilation of team records to date
16. Distribution of printed letterheads, envelopes etc.

February 5:

1. Agreed upon half-time entertainment — of organ music
2. Agreed upon \$60 expenditure for Radio Package plugs
3. Agreed upon Display Ads in Afro, Courier, and Guide for February 28 edition.
4. Agreed upon special tickets for complementaries
5. Agreed upon telegrams to coaches concerning Washington boys.
6. Agreed upon letters to coaches records, high scorers, and nominations of officials.
7. Agreed upon installation of brochures in same manner as last year

9. Agreed upon distribution of placards

10. Agreed upon February 19 meeting

February 19:

1. Read Correspondence from
  3. President Moore.
  - b. C. and P. Telephone Company
  - c. Campbell Music Company
  - d. W. H. Burton, Secretary, Tri-State Football Official Club
  2. Compiled data on nomination of tournament officials
  3. Selected tournament officials and alternates:
    - 4 referees, 1 announcer, 2 ticket salesmen, 1 chief timer
  4. Completed arrangements for pre-sale of tickets at 410 Florida Avenue.
  5. Agreed upon placement of display signs and placards
  6. Assignment of complimentary seats
  7. Discussed mailing of brochures and placement of montages
  8. Reviewed financial expenditures to date
  9. Agreed upon press releases on current standing of teams
  10. Notified officials of their selection.
  11. Mailed ten season books to all CIAA schools
  12. Agreed upon March 5 Meeting
- March 5:
1. Reviewed activities of interim February 20 to March 5
  2. Assignment of game officials (sealed envelope announcements)
  3. Official rating of teams (telegram and telephone announcements)
  4. Draw and placement of teams on schedule
  5. Assignment of teams to hotel reservations
  6. Assignments of teams to dressing rooms
  7. Assignment of officials to hotel participants
  8. Verification of registered list of participants
  9. Composition of final letter to competing teams
  10. Agreed upon victory presentation program
  11. Agreed upon sale of souvenir programs
  12. Agreed upon intermission activities — lucky numbers, etc.
  13. Agreed upon March 8 meeting

At the March 5 meeting an error of the committee on team ratings was made. Correction on March 6 was necessary. At this point I want to make an explanation there, as clearly as I possibly can.

During the hectic meeting of March 5 when we were compiling our data, in the compilation of the season rat-

ings two teams were rated in the first nine, namely, A. and T. College and Howard University. The error occurred in Section A, Article 4 of the Dickinson rating system, where the committee as a whole erred in assigning 15 points for a second division team loss to a first team. There was an error and we did not recognize that error until I had gotten back to Baltimore Sunday night, and in just reviewing the situation I found we had sent telegrams to Howard and to A. and T., informing them that they had won a tournament verdict.

I immediately got on the telephone in the morning and called Coach Jackson at Howard and called Coach Harris at A. and T., Monday about 7:30. Of course, Mr. Jackson at Howard readily recognized that he couldn't see how his team had been selected, and quoting the statutes of the Dickinson Rating System he immediately saw the mistake that we had made. The A. and T. Coach called back, and after a little controversy, why he seemed to be all right on the matter.

Then, about 5:30 on Monday, March 6, I had a telephone call from A. and T. with a three-way hookup with Mr. Bell, Mr. Webster, and the Coach Harris pommeling the chairman on the error that we had made. I informed them as best I could that we had erred, we recognized our error, and that we had done all that we possibly could do to correct that error as quickly as possible. I have a copy of a letter that I sent to Mr. Webster on that matter.

But we did clear the situation up, recognizing our error, and it was really an error of anxiety on our part and we had so much to do that day that that little slip-up came, and the chairman wishes now to take the blame for that, and say that we tried to make the corrections as necessary.

The agenda for the meeting of March 8 was:

1. Listed tournament expenses
2. Prepared final instructions for competing teams, tags, etc.

March 12:

1. Compilation of financial statement of tournament
2. Payment of terms' expenses
3. Payment of outstanding bills

On the selection of the 1950 officials, that was done on March 5 by a process of setting up a dummy schedule, numbering the games 1, 2, 3, 4, 5, 6, 7, 8. Now it is important that you recognize that these games are numbered before the ratings of the teams are made, so that when we drew from the hat the names of Troupe and Hall they were placed on Game 1: No. 2 Williams and Murdock; No. 3, Troupe and Murdock; No. 4, Hall and Williams; No. 5, Troupe and Williams; No. 6, Hall and Murdock; No. 7, Mur-

dock and Williams; and No. 8, Troupe and Hall.

This was placed on a blank schedule so that the names appeared against the numbers with no teams listed. You can see the reason for that, I guess.

Now, we made certain reservations on that day so that we would have everything carefully cleared, and we had reservations at Carver Hall for Virginia Union, 12 men; Virginia State, 12 men; Tournament Committee, Jefferson, Hill and Spaulding; and the officials Murdock, Williams, Hall, and J. T. Williams who was to present the trophy.

At Barksdale's Hotel we assigned West Virginia State and Delaware State, and at the Dunbar Hotel, Shaw University, Johnson C. Smith, Lincoln University, and St. Paul's and they were sent letters to that effect.

North Carolina State stayed at the Howard Temporary Gym.

The dressing rooms were assigned as follows: No. 1, North Carolina State College and Virginia State College; No. 2, Virginia Union University, and Shaw University; No. 3, Lincoln University and West Virginia State; and No. 16, Johnson C. Smith.

In the drawing and placement of teams, West Virginia was placed on the first line of the upper bracket; North Carolina College was placed on the first line of the lower bracket; Virginia University was placed on the fourth line of the lower bracket. Lincoln University was placed on the fourth line of the upper bracket.

The names of the other four teams, Virginia State College, Shaw University, Johnson C. Smith University, and Delaware, were dropped into the hat and in the order they were withdrawn from the hat by Mr. Arthur Carter of the Afro-American were placed as opponents of teams 1, 2, 3, and 4.

The first withdrawn was Johnson C. Smith University, which was placed on the second line of the upper bracket, the second withdrawn was Shaw University, which was placed on the second line of the lower bracket; the third withdrawn was Virginia State College, which was placed on the third line of the lower bracket; and fourth withdrawn was Delaware State College, which was placed on the third line of the upper bracket.

The tournament receipts were as follows:

Cash from CIAA	\$500.00
Cash in bank	153.38
Advance sale of tickets	1,126.95
Tickets sales at Uline	8,210.80
March 9	\$1,615.00
March 10	3,350.00
March 11	3,245.00
Program sales	195.37
Advertisement fee	120.00
Gross receipts	<u>\$10,306.50</u>

Accounts receivable	
Virginia Union	72.00

The tournament expenditures were as follows:

Uline Arena Rental Fee	\$2,500.00
Uline Arena (extra help)	438.00
Internal Revenue	1,597.15

And on that Internal Revenue of \$1,597.15, it goes like this:

Thursday afternoon we paid \$83.75 on 558 tickets; on Thursday night we paid \$124.80 on 565 tickets; on Friday night we paid \$576.66 on 1,565 tickets; on Saturday afternoon we paid \$659.94 on 1,762 tickets. For the season books the total was \$152.00 tax making a total of \$1,597.15 in tax. It might be interesting to note that the 170 complimentary given out cost the tournament \$66.64 in tax. The number of tickets on which tax was paid was 4,450.

The details on the souvenir program sales are: We had 1,500 souvenir programs printed; 337 were sold Thursday afternoon. Our share, 75 per cent, was \$63.18. Friday night we sold 359 programs. Our share was \$67.31. On Saturday Afternoon we sold 346 programs and our share was \$64.88. The total received from the sale of programs was \$195.37. There were 1,042 sold, 448 unsold.

The summary of the financial reports for the five years is as follows:

The first time we had the tournament, in '46, we grossed \$5,534.45; in 1947 we grossed \$7,247.94 we grossed \$8,094.71; in 1949 we grossed \$12,937.59; and in 1950 we grossed \$10,306.50.

Our gross payments in 1946 were \$4,600.69; in 1947, \$5,181.31; in 1948, \$6,293.95; in 1949, \$11,334.01; and in 1950, \$10,159.12.

The conference has handled gross receipts for the five years of \$44,171.19. Total payments have been \$37,569.08. The CIAA share has been \$6,734.51.

As chairman of the committee I want to publicly thank for their cooperation Dr. Rivers, Mr. McLendon, Mr. Jefferson, and a very efficient gentleman who was sales director, Mr. R. A. Cunningham.

Now, to continue giving you the breakdown on the expenses, I was down to Internal Revenue when I broke off to give you the breakdown on that:

To the Service Printing Company for printing 20,000 tickets, 200 placards, 1,000 letterheads, and 1,000, envelopes, \$446.72. There were 1,500 programs printed, 14 pages, which cost \$347.40.	
Team Expenses	\$2,770.88
West Virginia State	\$466.72
North Carolina State	367.46
Shaw University	361.12
Virginia Union	263.20
Virginia State	277.00

Lincoln University	271.12
Johnson C. Smith	425.22
Delaware State	339.04
Administrative and Professional Services	452.43
Director of Sales (4 assistant salesmen)	240.00
General	
Advertisement	577.33
15,000 brochures	135.15
Mailing permit	10.00
Mailing brochure deposit	100.00
J. B. Carter—signs	116.50
Hykes Studio (photos)	40.00
Afro-American	80.64
Conway Art Studio	25.00
Publicity Director (Carter)	57.04
Wiley Davis (picture)	13.00
Music (Mr. Carrington and Hammond Organ)	124.00
Headquarters fee, 410 Florida Avenue	54.00
Awards and Trophies	85.06
Officials (4 referees, timers, scorers, announcers)	380.36
Hotel Reservations at Carver Hall (CIAA Officials)	36.00
Telephone installation and service (6 weeks)	72.00
\$25.00 installation—2/10/50 to 12.79 service —3/15/50	

Gross Expenditures	\$10,159.12
Gross Receipts	\$10,306.50
Gross Expenditures	10,159.12
In Bank	147.38

## NATIONAL CLASSIC COMMITTEE

Mr. C. H. Williams

Mr. Chairman, I won't go into quite as much detail as Mr. Hill, but you will recall that after it was voted last year to have the National Classics and select the two competitors, we had the ask of getting the two competitors to agree to play because of an estrangement they had had for about three years, and I want to say that the presidents of the two colleges gave us one hundred per cent cooperation in developing the program, and the cooperation was wonderful throughout.

We also wrote to every president of the CIAA and asked for their cooperation in participating in the parade and aiding the movement in every way possible, and we had letters from every president, and I am glad for the cooperation and I feel we got that cooperation.

The general attitude of the public seems to have been very favorable, feeling that this movement on the part of the CIAA was in the right direction.

Your committee was composed of

C. I. A. A. BULLETIN

Mrs. Rutherford of West Virginia, Dr. Moore of Virginia State College, Mr. Burr of Howard, Mr. Hill of Morgan, and myself as chairman, and we had the cooperation of Dr. Rivers who worked with the committee throughout.

We were very much pleased at the success of the endeavor. It was agreed in the beginning that 50 per cent of the proceeds would go to the competing teams, 25 per cent to the non-competing teams, and 25 per cent to the CIAA treasury.

There were 23,375 paid admissions. The total receipts were \$47,010.00 for the game. The committee had as a budget \$15,000, and the total were \$13,953.84. I can give you some idea of what the expenses consisted of:

Advertising in the newspapers was \$995.05; tickets, \$445.24; posters, \$398.32 brochures, \$186.95; signs, \$1,415.08 We had a truck, as many of you noticed, that went around from place to place carrying signs. We paid rental for that of \$555.22. The truck drivers received \$145.00.

Printing cost \$490.72; broadcasting, \$270.00; half-time expenses, \$662.60; officials for the game, \$195.52; guards, \$75.00. We found it necessary at the park to have guards at each of the entrances to protect the interests of the C. I. A. A.

The travel of the committee cost \$326.43. The committee had four meetings during the summer and the early fall preceding the game, to work out and to perfect arrangements.

The parade marshal cost \$116.07; promotion expenses, \$2,100.00; ticket sellers, \$731.63; photos, \$120.00.

Notes paid on National Classic stock—of course, this is not part of the expense of the game, but we agreed when we took over the National Classic that those men who willingly donated their stock, that is, gave us their stock, turned it over to us, that we would pay the balance on it, and for Mr. Tyson it was \$70.78 and for Mr. Henderson, \$56.62.

Team expenses for West Virginia State College were \$2,744.35; for Morgan, \$494.62; for the West Virginia State College Band, \$1,153.47; and for the Morgan State College Band, \$285.17, making a total of \$4,677.61.

That made the total expenses \$13,953.84.

It was necessary in the promotion of the game to borrow money from the Industrial Bank and the Security and Commercial Bank, from one \$3,000 and the other \$2,000. We have paid those notes and interest to the amount of \$5,141.69.

The total expenses, then of the game were \$13,953.84. We paid to the two competing colleges \$10,000, \$5,000

each; for park rental, \$5,898.37; for park operating expenses, \$1,920.70; for government tax, \$7,816.55, making total expenses of \$39,589.46.

It was decided in the committee that we would try to operate a dance in connection with the National Classic, and we went to New York and secured Illinois Jacquet and Erroll Garner as performers for this particular night. The dance, we felt, was a very great success. The tickets sold at the door the night after the National Classic game amounted to \$5,370.75. The advance sales at the Super Music Store were in the amount of \$673.50, making a total income from the dance of \$6,044.25.

The expenditures for the dance were:

Illinois Jacquet (advance payment—50%) .....	\$ 550.00
Erroll Garner (advance payment) .....	375.00
Uline Arena .....	781.50
Guard (at ticket box) .....	5.00
Guards (at different entrances) .....	55.00
Ticket Sellers .....	45.00
Telephone Charges .....	32.00
Government Tax on Dance .....	1,016.25
Erroll Garner (Completion of payment) .....	375.00
Illinois Jacquet (completion of payment) .....	550.00

Total Expenditures .....\$ 3,784.75  
That made a net profit on the dance of \$2,259.50.

The next report is on the National Classic Official Program. We received from the printers 4,650 programs. There were 50 advertising samples, and we sold 4,573 and returned 27. There was the understanding that the CIAA would make 10 per cent of the sales, which is \$457.30. The net paid on the ads to date is \$778.70, and the balance due on ads is \$153.00, making a total of \$1,389.00.

The expenses on the program were \$615.00 for printing. We paid Mr. Warren \$500 to manage the thing for us. That made a total of \$1,115.00 expenses.

The total receipts for the program were \$1,389.00 and the total expenses were \$1,115.00, making a profit of \$274.00.

The total receipts, then from the game and dance and programs were:

Game .....	\$47,010.00
Dance .....	6,044.25
Programs .....	1,389.00

Total Receipts .....\$54,443.25

The total expenses of the game, dance and programs were:

Game .....	\$39,589.46
Dance .....	3,784.75
Programs .....	1,115.00

Total Expenses .....\$49,389.24

There was a net profit for all of this undertaking of \$9,954.01. It was agreed that we would give the non-competing institutions \$350 each, and that made a total of \$4,900, making a total profit to the CIAA of \$5,054.01.

## COMMITTEE ON RECOMMENDATIONS

Mr. J. E. Lytle

Mr. President, Officers of the Association, members: The Committee on Recommendations submit the following recommendations:

1. The eligibility list of an institution reach the office of the Eligibility Chairman postmarked on or before the first participation of said institution in football. The penalty for failure to comply with this recommendation is a \$50 fine.

2. That Basketball lists be sent in on or before December 1.

3. That boxing and wrestling lists be sent in on or before January 10.

I would like to say that in the committee meeting we inadvertently overlooked wrestling in discussing this particular reference to boxing, and I assumed that if wrestling were inserted that would be all right. I don't know whether I was in error or not.

4. That baseball lists be sent in on or before March 15.

5. That tennis lists be sent in on or before April 1.

6. That outdoor track lists be sent in on or before April 1.

7. That indoor track lists be sent in on or before December 1.

8. That cross-country track lists be sent in on or before November 1.

And I would like to make another comment in regard to an oversight. We forgot to set a date for swimming and I inserted it here, in making out the copy, that I want to suggest the swimming lists be sent in by January 15.

It is further recommended that a list of these recommendations be mimeographed and dispatched to the following personnel at each institution: The registrar, the business manager, and the director of athletics, after this meeting, by the Secretary-Treasurer.

The second classification of recommendations is the recommendation that the schools of the CIAA adhere to the constitution in scheduling of football games, that is, each three years, or dispense with the Dickinson System of Rating and use the won and lost system or percentage basis for determining the football championship.

The Committee on Recommendations wanted to refer this to the body for action because it involved a discussion on the point or points that have been discussed in previous meetings in re-

gard to the deleting of the Dickinson Rating System and setting up of a system, and so on, and also leaving the clause in the constitution or by-laws which suggests that schools so schedule their football games.

Third is that the CIAA Relay Championships be financed by the CIAA Conference in the amount of \$400 and be held in 1952, date and site to be determined; that to be determined; that to be eligible for participation in relays, each member school have participating entries in two relays and two field events; that a committee be appointed to study the number of places and points to be awarded in each event of the championship.

Fourth, the committee recommends

that the applications for Faver State College and Maryland State College be held in abeyance until a change in the constitution has been made in regard to membership.

Fifth, the committee recommends that the adoption of the Freshman Rule in the CIAA be deferred until after the present war and the manpower crisis; that the practice of bringing high school athletes to institutions for try-outs is to be looked into by the conference.

Sixth, the following recommendations from the Baseball Committee were passed by the body December 8, 1950, and these should be in the minutes. I think it is unnecessary to read them

with regard to the championship and so forth and so on.

---

#### COMMITTEE ON NOMINATION OF OFFICERS

**Mr. H. B. Hucles**  
(A. I. Terrell, Reporting)

Your Committee on Nominations for 1950-'51 begs to submit the following report: President—Mr. Paul J. Moore; Vice - President, Northern District—Manuel Rivero Vice-President, Central District—Dr. James A. Moore, Vice-President, Southern District—W. H. Robinson; Secretary-Treasurer—G. G. Singleton, Assistant Secretary-Treasurer—T. H. E. Jones, Chairman, Eligibility Committee—H. C. Perrin.

# The Central Intercollegiate Athletic Association

VIRGINIA STATE COLLEGE, PETERSBURG, VA.
